## EXTRAORDINARY CUT GLASS VALUES.

Extraordinary is the only word to fairly indicate the remarkable values that this week is developing in the Humber Store. In Cut Glass, for example, there are chances to buy superb pieces, such as would most readily be selected for wedding gifts—and the prices are often less than half what such things usually cost. Here's a hint—but you will hardly realize what the offering really means until you actually see the brilliant Cut Glass that is going for so little.

## Mr. Root and the Central Alberta Stockgrowers.

When the editor of the Red Deer Advocate attempts to belittle, in any degree such work as Geo. F. Root has done for the C. A. S. A., he becomes a menace to the prosperity of the community. That any home paper should refuse unqualified encouragement and support to the man who has devoted so much time, energy, ability and money to enlarging our circulating medium by increasing prices of farm cattle, is stooping low. It is not a fact that the main work of Mr. Root and the C. A. S. A. has been to direct the attention of American buyers to the beef cattle of Alberta and to open up Chicago as an alternative market. This is but one of many obstructions that have been removed by the persistent, continuous hard work of Mr. Root in connection with this organization. There was the falsity of the old but over-ready to about excessive freight being the cause of the low prices. Has it lifted its head since the Mr. Root presented the schedule of rates on the four transcontinental railroads, at the Red Deer convention? No.

There was the fear of the smaller producer of being boycotted if he dared use any independence in the regard to selling his products. Did it exist to-day? No. It was dispelled by Mr. Root's success in bringing Chicago buyers and exporters together at the Red Deer. There was the false impression about the inferior quality of our cattle, the statement of Senator Talbot and Mr. Puffer that only 10 per cent. were on good enough for export. This was thoroughly overcome by the results of the experimental shipment to Chicago, conducted by Messrs. Root, Powne, Geisinger and Reed. In the North West Farmer of June 5, Clay Robinson & Co. claim to have sent a representative to Calgary 10 years ago to attend a meeting of the cattlemen of the North West territory and interest them in the Chicago market. He says "One firm of exporters practically dominated the business at that time. Every one sold to them and there was but little thought of any other outlet for their fat cattle. Following the incident above noted the stockmen began to enquire concerning the advantages Chicago might offer, but the duty appeared prohibitive and none would take the initiative. Then there was the long trip to market with its uncertain expense on road and uncertain outcome as to final prices. None would venture the experiment."

It remained for Messrs. Root, Powne, Geisinger and Reed to make the initial shipment in Sept. 1907, and once the details of that shipment were made public something like 200 cars were sent to the Chicago market.

Mr. Root has been untiring in his efforts to improve the quality of his range stock and to maintain the highest standard in his short horn breeding. He not only preaches, he practices the doctrine that the best is none too good for Alberta. Spruce Bluff farm is the pride of the district and the petty, malicious, often false statements concerning Mr. Root, which the Advocate has a penchant for copying or inserting in his paper for political purposes, are not well received by the reading public. Let him rather spread his printer's ink in reciting what Dr. Clark has done for the farmer or farming. How much of his personal funds has

he risked in an effort to better market conditions here? What educational campaign has he carried forward that can be shown to have practical results? Also what has the Red Deer Advocate done for the cattle industry of the Red Deer riding?

brought the matter up before assembly of the Presbytery church, which met at Winnipeg recently, and the whole Dominion has been started at the revelations. Rev. Dr. Shearer what was coming and wrote Sir Wilfrid Laurier so that could square himself with assembly. Dr. Shearer is secretary of the Lord's Alliance.

The Advocate, in an article last week, says Dr. Pringle's "reason" for not taking advantage of the opportunity of an investigation was inconclusive. It further stated "the difficulty of enforcing Eastern standards of morality was just as acute in a miner's camp as in a large city," quoted Commissioner Henderson as saying if

if Rev. Mr. Pringle wished to convey the impression vice was worse in the Yukon than in our cities he was not telling truth, and wound up by stating "The General Assembly highly commended Mr. Pringle's fearless denunciation of vice and fight for righteous government."

Now Mr. Pringle has shown conclusively that he told the truth, regarding vice and could not fair play in his fight against the Government. He would be more than human to be able to fight all the powers of darkness, a corrupt, tottering government as well, single-handed.

That the evils exist in Yukon as spoken of by Pringle, no sane person doubt for a moment. Rev. Dr. Shearer and the lying press would, like Balaam

## Sporting Notes.

FOOTBALL.

The School Team went to Penhold on Saturday last and defeated the Penhold team 1-0. The game was not played until late at night and only lasted 25 minutes owing to the Red Deer boys having to catch a freight train to get a ride home. The field was very rough and so the play was not very good.

Red Deer Town team went to Innisfail on Saturday last and played a tie game with the team of that place no goals being scored. The play was rather rough and some of the Red Deer boys claim they did not get fair play.

Didsbury will probably be the champions of the southern division in the league for the Snell Shield. The Red Deer School and Town team played to-night at the Park and a close game is expected. So far the School team have won every game they played and if they win to-night they will be in the finals for the Snell Shield.

LACROSSE.

The lacrosse match Friday night was a surprise to many. Red Deer won by 8 goals to 3. The game was not telling truth, and wound up by stating "The General Assembly highly commended Mr. Pringle's fearless denunciation of vice and fight for righteous government."

Red Deer—Ross goal; Coleman goal; Sewell first defence; Halliburton 3rd defence; Main centre, Smith first home fair play in his fight against the Government. He would be more than human to be able to fight all the powers of darkness, a corrupt, tottering government as well, single-handed.

Lacomb—McDonald goal; Cooper point, Long cover, P. Crow 1st defence, Standish 3rd defence, McCowan centre, A. Crow 1st home, Mooney 2nd home, Hay 3rd home, Wyld outside home, Agilmour inside home.

Mr. W. E. Payne was referee. The Red Deer team will play at Lacomb this afternoon.

BASEBALL.

Last night the Outlaws and Wigwags played their second game. It was a close game the Outlaws holding their own well. The Wigwags took the lead at first getting all their runs in the start of the game. But then the Outlaws buckled to and held them down for the rest of the game. The score was 4-4. The Outlaws had a new pitcher, W. Loebe. The Outlaws and Independents play Friday night.

## His Tribute.

A Boston man says that in a certain New England churchyard there is a tombstone bearing an epitaph that never fails to bring a smile to the face of the reader. It runs thus:  
"To the memory of Clara Ann and Sarah Jane, his two wives, this stone is erected by their grateful widower, Henry H. Harkins. They made home pleasant."

8 Easy.  
Said Stella to Stella,  
"When I go to skate

A beautiful 8."  
Said Stella to Stella,  
"That's easy to do

The Prevailing Style.  
"Do you mean to say you didn't know  
me on the street?"  
"But your back was turned toward  
me, my dear."  
"And didn't you recognize my back?"  
"Not when it's covered by your new

## The Stockgrowers' Association.

The business meeting of the Stockgrowers Association was as follows: The President calling the meeting to order about 7.15. The minutes of the March meeting were read and confirmed. Correspondence and reports of committees were dealt with, after which the election of officers for the ensuing year was proceeded with. President Whiteside called for nominations but the members would have no other President. He entreated and did everything in his power to persuade the association to elect another President, but without avail. His untiring efforts in behalf of the association during the past year and the able manner in which he has handled its business having given such general satisfaction that he was compelled to accept the position for another year, and the loud applause that greeted his acceptance proved unmistakably how popular he is.

The other officers, which are as follows, were all elected by acclamation:—

2nd Vice—W. F. Puffer, M.L.A.  
Sec.—Treas.—G. C. Bergman.

R. E. Fisk, Hillsdown.  
Geo. F. Root, Ereskine.  
Jas. Bringle, Lamerton.  
Colonel Gregory, Lacombe.

The resolution committee presented the following lists of resolutions which, after considerable discussion, were adopted:

The estimated cost to each member shall be stated, and those persons who are desirous of having their brands advertised shall notify the Secretary, including draft to cover same not later than July 1st.

No. 5. Resolved that a committee of three be appointed to wait upon the Hon. Sidney Fisher, during his visit to Calgary in July, and to present to him the necessity of establishing a chilled meat export trade.

The chairman, Joe Walters of Haynes, chose as supporters Harry O. Simpson and F. W. Whiteside. Mr. W. F. Puffer, M.P.P. offered his support to the Committee as did also Mr. W. F. Stevens Provincial Live Stock Commissioner.

No. 6. Submitted by Geo. F. Root, seconded by E. M. Whiteside:

Resolved that as the Commission which is to be appointed by the Alberta Government to investigate the advisability of establishing a pork-packing, beef-canning and sausage plant, is to be composed of three persons, it is the opinion of this Association that one should be appointed by the Government, one by the A. F. A. and one by the Central Alberta Stockgrowers' Association. We wish to have a man appointed who understands breeding, feeding, killing and shipping, and one who commands the confidence of this Association, and we recommend that Arthur L. Powne be made a member of that Commission to represent this Association.

## Lobstick Valley.

Mr. Hutcheson, the Montana man, who recently took a homestead a few miles northwest of here, has already become discouraged with the country, and has gone back. He had a shack built and a well dug, and had hired some breaking done. The unfavorable weather of the spring and summer has done much to dishearten new-comers.

Mr. and Mrs. G. F. West left here on Thursday for Red Deer, which they propose to make their starting point for the lecture tour which they are contemplating. We hear that they have sold their farm to Mr. McLeod.

Mr. E. Bureau made a trip to Sylvan Lake early in the week, and has not yet returned.

Mr. Mayboud, the Presbyterian student who has come to work in this field, has taken up his residence in the house lately owned and occupied by Mr. George West. He announces that he will hold a service at that place every Sunday, beginning with June 21st, and continuing for about two months. The service will begin at 11 o'clock in the forenoon.

Mr. J. Reilly arrived from Red Deer Thursday evening with a load of goods for Mr. Bureau. The inhabitants of our valley are fervently hoping that this load contained something eatable, as they are looking forward with dread to a possible future diet of nails and barbed wire.

High water still prevails. The McDougall, Martin Lumber co., have found it necessary to suspend operations in their "tie drive," as it is considered unsafe to allow the ties to enter the Horseguard river in its present flooded condition. The force and many of the bridges are still impassable; but one of our ingenious settlers has partly solved the problem of transportation. He drives to the river where he leaves his team, crosses on a foot bridge, and borrows a team on the other side. It is very simple, but it is effective.

We are sorry to hear that Mr. Farr, a settler on the west side of the Lobstick river, and popularly known to the people of this section as "Doc" Farr, has been arrested on the serious charge of passing counterfeit money. We hope that the charge may prove a mistake, and that Mr. Farr will have no difficulty in proving his innocence.

The remainder of McDougall & Martin's crew passed through here, Thursday, on their way out.

Part of the crops about here are looking good, but those on the low land stand a fair chance of being drowned out. The land is the wettest it has been for years. The grain fields and gardens are badly in need of some good, warm, sunshiny weather.

Mr. Frank Shepherd's crops suffered quite severely from a recent hail storm. This is rather hard on Mr. Shepherd, as most of his neighbors escaped with little or no damage done. There was a frost on Wednesday night which left its mark on some of the gardens.

Teachers' Institute.

(From the Free Lance).

Thirty teachers registered to attend the institute held in Innisfail Monday and Tuesday. On account of having their brands advertised shall notify the Secretary, including draft to cover same not later than July 1st.

Mr. Miller, of the Calgary Normal School, gave lectures on manual training and physical culture. Mr. Thomson, also of the Calgary Normal, lectures on geography and arithmetic. Inspector Boyce gave talks on language.

On Monday afternoon, a number of Red Deer school girls came down and gave an exhibition basketball game, which was greatly appreciated.

Tuesday afternoon the teachers played a game of basketball with the town, resulting in a victory for the teachers. The game was a very enjoyable one from the spectators standpoint.

At the close of the institute, the following officers were elected for the Red Deer Inspectorate: President, Principal McLeod of Red Deer; 1st vice president, Principal Aylesworth of Innisfail; 2nd vice-president, Miss Goodfellow of Bowden; Mrs. Wanless of Red Deer secretary.

At a business meeting of the officers, the question of teachers cancelling contracts came up. It was judged that there is no provision in the law for cancellation of contracts; that there is a space reserved in the agreement whereby any addition terms may be put in at time contract is signed that teachers who break their contract are subject to having their certificates cancelled and a claim in for damages because of injury to the work of the school.

**Wedding Bells.**

**STEWART-HIVES.**

A very pretty wedding took place at Calgary Wednesday last the contracting parties being Miss Esther Hives and Norman Stewart, of Penhold. Norman, as an old timer, and his fair bride have many warm friends who wish them all joy, in which the News joins. The Calgary Herald speaking of the wedding in its edition of the 28th inst. says: "The marriage of Miss E. Hives, the daughter of Tom Hives, of Penhold, late of Asfordby, Leicestershire, to Norman Stewart, also of Penhold, took place yesterday afternoon at the Cathedral of the Redeemer, the Rev. S. Ryall officiating. Owing to the illness of the bride's father it was a quiet affair. The bride was given away by her brother, Arthur Hives, and was supported by Miss Packham as bridesmaid. She was attired in a travelling suit of brown panama with hat to match and carried a lovely bouquet of roses, the gift of the groom. She was the recipient of a large number of valuable and useful presents from her numerous friends in Calgary and Penhold. From the bridegroom she received a diamond and opal ring and a gold bracelet with amethyst setting. The bridesmaid also received a lovely pearl brooch. The happy couple left on the evening train for the coast and other points, for their honeymoon."

The date of the first meeting of the commission has not yet been fixed.

The policy of our house has always been to sell only the best whether it be sterling silverware or plated silverware, hence affording you the assurance that what you purchase from us will be reliable and give you the satisfaction you wish. Let us show you the new spring patterns. H. H. Humber, jeweler and optician.

**To Entertain Journalists.**

A meeting was called yesterday afternoon by the Board of Trade to take into consideration the question of entertaining the visiting journalists, their wives and sweethearts, July 22nd. The wives of the members were invited to be present, and they took hold of the scheme to give the visitors a luncheon in right royal fashion. Mesdames Brumpton, Munro, Murphy, Welliver, Lord and Crawford were appointed a committee, with power to add to their number, for the purpose of arranging matters. Other committees will be appointed. The meeting was highly satisfactory. The luncheon will be held in the Lyric, and about 130 visitors are expected to be present.

**The Races.**

Great disappointment was felt by the Red Deer Exhibition Association Monday of last week when it was learned that the Western Canada Turf Association had issued a notice to horsemen threatening to debar them from all privileges of tracks under their jurisdiction if they entered for the Red Deer races.

The first inclination of the Red Deer Association was to fight the Calgary bunch, but more mature consideration caused them to decide to run a day's races and pay the fee to the W. C. T. A. under protest, as the horsemen were in town and the Association would have been money out of pocket if no races were held. As it was they came out even.

The races on Wednesday were well contested, although in one race, the 2.35 trot, there was some crooked work and the judges took a hand in the game by changing the driver of one of the horses. There was a good attendance of spectators, and the citizens' band enlivened proceedings. The following is the result of the races:

Free for all—Lady Melvis, 1st; Del McKinney, 2nd; Dan Dee, 3rd. Best time, 2.22.

2.35 Trot—Do. M., 1st; Dr. Cloud, 2nd; Philip W., 3rd. Best time, 2.23 1-2.

Six furlongs—Col. Bronston, 1st; Long Spin, 2nd; Cobham, 3rd. Time, 1.21 1-2.

14-2 under half mile—Tiger Jim, 1st; Babe, 2nd; Fanny Y., 3rd. Time, .54.

Novelty—Marvel P., 1st in all four quarters.

Judges—W. G. Wilson, Innisfail; H. Hainstock, Olds; and H. B. Hill, Red Deer. Distance Judge—George Fleming.

Starter—A. McFee.

Timers—W. J. Botterill, J. H. Menzies, R. Grive.

Clerk of Course—R. B. Welliver.

Saturday evening the Editor of the News met a member of the firm of Phillips Bros. carrying an axe in his hand. The earnest look on Mr. Phillips' face caused the Editor to enquire why armed thus and why this earnest look—the look of a man who is determined to do or die. Promptly came the answer "we are determined that the balance of four stock of Men's, Women's and Children's Shoes, Men's and Women's Canvas Hose, Men's Hats, Caps and Collars in all the leading styles, Men's Dress Gloves, Silk, Linen, Lawn and fancy Handkerchiefs, Ribbons, Laces, Braids, Embroideries, etc., must go at out prices, and we have borrowed this axe in order to out goods to the lowest possible price."

Doubtless you are aware that we have disposed of all of our grocery stock with the exception of a large direct importation of tea which was contracted for last fall. These teas are of exceptional value, and having placed our order before the big advance in tea took place, we are on the ground floor. We have handled the Rajar Garden Brand of tea for three seasons, and we can assure you we have had nothing but praise for those goods during those years.

Everything we have must be disposed of by the end of July, as we are determined to close our business by that date. We certainly have some qualms when we think of not being able to meet the old friends and customers daily as of yore; but life moves on and we must go with the stream, whether it be for weal or woe. We have decided that this last clearance sale shall be the best of all, and the knowing ones, those who appreciate good goods at a cheap price, will look back and remember Phillips Bros. by what they have done.
